COUNTY SCHOOL

Report of Miss Garlington-For the the amounts they have raised during First Quarter is Satisfacory.

((1913.)

Miss Maggie M. Garlington, county supervisor of rural schools, has done a much greater work in this county a much greater work in this county than the mere cold figures show. But that she has done good work is evidenced by the following report for the three months that Miss Garlington has been in this county:

1. Number of schools visited, 28.
2. Number of associations organized.

Number of members in association, 436.

4. Amount raised by associations

5. Work of the associations;
Bought paint for the inside and outside of schools, had yards cleaned, stumps pulled, glass put 'n, coolers bought, books bought, and many other things accomplished.

6. Help I have given teachers.
Made daily schedules for new teachers, taught reading, spelling, geography, arithmetic, history, and physiology. Have selected pictures (reproductions of fanious paintings large

ductions of famous paintings large size and neatly framed), and have helped teachers in bauging these pictures and in lowering others.
7. Help given trustees:

S. Teachers' Club:
Our Teachers' Club has grown to
such an extent that the monthly lunch
could not be held in the court house
or graded schools, therefore I asked
for the use of the First Baptist church,
which is beautifully equipped with
parlors, dining room and kitchen. At our last meeting there were 150 teachers present.
9. Field Day:

9. Field Day:
Many circulars are being sent out
for Field Day, which we are planning
to hold next spring. Prof. G. W. Chambers, of the Andersofi city schools,
has begun his Saturday drill of the
boys in the different townships...

these three months, one reporting \$178.50. The Associations are improving school buildings, libraries, desks,

pictures, stoves and much work is being done on the school grounds. A school improvement conference was held in Anderson on November 21st. State Supervisor Gunter, Miss Sadie Goggans, supervisor of Newberry county, and Mr. W. Smoak, were the speakers at this meeting. Although the day was very cold, over a hundred ladies, were present. Much good has been developed from this conference. I have helped the teachers with classes in Reading, in all the grades, history, grammar, writing, drawing.

history, grammar, writing, drawing, arithmetic and geography. Bulletins and maps have been given out. Much school material has been selected and malical to teachers upon their request. Help has been given the trusteen as during last year, except the pur-chases have been larger. I have se-lected and ordered several libraries. Many teachers have been urged to purchase supplementary readers for their schools.

About six weeks of my vacation and my first week this year were devoted to "A Course of Study and Helps" for the teachers. Many teachers have thanked me for writing this little bul-

7. Help given trustees:
Selected paint, maps, globes, pictures, teachers' desks, chairs, flags, library books and in the selection of techers.

S. Teachers' Club:
Our Teachers' Club has grown to such an extent that the monthly lunch while others were bought with the court house letin for them.

About two weeks of my time was rest room money. A bulletin board is in the room, where many suggestions to the teachers are placed each month. For the further convenience of the teachers it is arranged that they may make a cup of tea whenever they need it.

I helped plan and carry out the community fair at Mountain Creek

community fair at Mountain Creek, which proved to be a great success. I have visited manny schools on their opening day, visited many on my own schedule, and have visited others upon the request of trustees or teachers, where often I am asked to help tor-rect some trouble.

rect some trouble.

Plans are being made for the Field Day and County School Fair, which will be held next spring. Fail plans will be given the teachers by the last of January.

The above can give only idea of part of the work I have done during the first three months.

THE CITADEL, Charleston, Jan. 17 -The new band instruments, which were ordered from the C. G. Conn Company about two weeks ago, are expected to arrive within the next expected to arrive within the next few days. The old set of instruments were the property of the National Guard and they were recalled in December. Since that time the various military coremonics have been without music. The band men, however, have not been idle for in the meantime guins have been issued and the once privileged musicians are one but

all, with every joy and privilege that they afford.

We are quite proud of a new stove of that has been placed in the primary room since Christmas. The teachers and pupils have reconly raised
